MOTION BY DIRECTOR FOUGNER, SECOND BY DIRECTOR GOMEZ, CARRIED 5 AYES; 0 NOES; 0 ABSENT; 0 ABSTAIN to approve, as amended 4. a., Board of Directors minutes of February 8, 2023.

5. Oral Report(s)

- a. Fire Chief/Deputy Chief Deputy Chief Usher welcomed Chief Palmer to the meeting. Chief Palmer informed the board the following:
 - John Conley was selected to fill the City Manager's position effective March 8
 - An Executive Search firm will be retained to assist in the recruitment and selection of a new Fire Chief

Chief Palmer gave the board members an overview of his experience, highlighting that most of his career was working for a fire district in Oregon. He has also been in the role as an elected official for a Fire District, so he is keenly aware of the difference in the roles. His goal is to ensure that the contract between the City and District are meeting the expectations of the board, and that the board is strategic in their direction. He extended to the board his offer to help in the development of a strategic direction.

Director Miller requested that the Fire Chief look at the "Response Time" report provided each month to perhaps modify to make it more meaningful to the board. The current format does not provide enough information to explain the challenges that the emergency response personnel may be experiencing for response times that are greater than 10 minutes. The Board may be interested in assisting financially if there is something that could be done to improve and reduce the response time. Chief Palmer agreed to work with Chief Usher and Ms. Rannals to explore another format.

- b. *Fire Marshal Chief Usher reported the following:*
 - Three new fire inspectors have been hired, with the most senior being five (5) months;
 - The former assigned District inspector has left city employment. Fire Inspector James Kozakiewicz has been assigned as the new District Fire Inspector.
 - The recent rains will create additional work during the weed abatement season.
 - FireStats update: he reached out to Mr. Rottenberg and informed him that the Board desires to spend the money approved on a one-time report. He will work with FireStats to get the report completed.

Board members requested that with all the staff changes, that the new inspector continue the work that was being performed by the previous inspector. Examples included:

• Emergency Access Roads – continued evaluation of the emergency access roads. Director Ploetz

Minutes Vista Fire Protection District Board of Directors March 8, 2023 Page 3 of 5

offered to participate in a ride along with the new inspector to assist;

- Director Fougner requested that the inspector continue the project on mapping the "Fire Lane" signs, so that the district knows exactly where they are located;
- Director Miller requested that the staff consider a change in the report format. The report should include only tasks of the "additional services". It should not include weed abatement activity, as that responsibility in included within the basic contract. He would also encourage seeing any recommendations that the staff may have.
- President Elliott summarized the board comments that the district desires to ensure that they are getting the additional services that they are paying for. Chief Palmer reported that he will work with Chief Usher and Ms. Rannals to address the board concerns and potentially modify the reporting information.
- c. Administrative Manager Ms. Rannals
 - The tours of North County Dispatch JPA are scheduled for March 14 & 15.
 - She reminded all board members to complete the ethics and harassment training and provide her a copy of the certificate of completion.
 - She has a meeting planned with County staff to discuss the Fire Mitigation Fee program on March 9th.
- d. Legal Mr. Pfister there are no pending issues to report
- e. Board of Directors
 - i. CSDA Chapter Meeting: Director Ploetz reported that he attended the meeting with Ms. Rannals on February 16th. The presentation was from healthcare experts from special districts discussing the perspectives, benefits, challenges, and needs in the healthcare industry after a pandemic world. He also met other Fire District Chiefs and board members. He encouraged his fellow board members to attend in the future.
 - ii. Special District Leadership Academy: President Elliott reported that he, Director Ploetz and Ms. Rannals attended the training February 26 March 1. He reported that it was well organized and the content was well done. He believed that the best session was the session on good governance, which included the role of the board and the role of staff. CSDA also has numerous resources available to assist both board and staff.
 - iii. Administrative Manager Annual Performance Evaluation Process: President Elliott informed the board members that a big "take away" from the training was the importance of evaluating staff and managing expectations. The Administrative Manager will have been employed with the District one year on April 1. He inquired how the board desired to proceed with an evaluation. At the conclusion of the discussion, the Board by consensus agreed that the President and Vice President should develop the process and meet with the Administrative Manager. Chief Palmer offered to assist in developing a process.

10-minute recess

6. Continuing Business

b. Sale of Surplus Real Property

7. New Business

a. Financial Audit Services

Ms. Rannals summarized the staff report provided. She reminded the Board that the district distributed a Request for Qualifications (RFQ) in 2020. Upon review of all RFQ's received, the Board of Directors selected Fedak & Brown for a three-year contract, with the option of two additional years that may be exercised. The audit fees for each optional fiscal year does not exceed \$8,100; however, the Administrative Manager added in 2022 that the auditors file on behalf of the District the State Controller's Report for an added cost of \$500. She responded to questions from the Board.

MOTION BY DIRECTOR ELLIOTT, SECOND BY DIRECTOR MILLER, CARRIED 5 AYES; 0 NOES; 0 ABSENT; 0 ABSTAIN to exercise the contract option of two additional years (FY23 & FY24) an agreement with the C. J. Brown & Company CPAs (formerly Fedak & Brown) for audit services and authorize the Administrative Manager to execute the contract extension.

b. Fire Chief Interview Panelist

Chief Usher requested that the board members select a primary and alternate representative to serve as an interview panelist for the upcoming Fire Chief recruitment process. No dates have been given; however, he will provide the names to the Human Resource Department for inclusion in the process.

MOTION BY DIRECTOR FOUGNER, SECOND BY DIRECTOR MILLER, CARRIED 4 AYES; 0 NOES; 0 ABSENT; 1 ABSTAIN (Gomez) to select the President as the Primary and the Vice President as the alternate to serve as the District's representative for the recruitment of the City of Vista Fire Chief.

c. Local Agency Formation Commission Election

President Elliott informed the Board that the district has an opportunity to cast a ballot to elect a regular and alternate special district member on the Local Agency Formation Commission (LAFCO). The board members discussed the candidates in consideration.

MOTION BY DIRECTOR PLOETZ, SECOND BY DIRECTOR MILLER, CARRIED 5 AYES; 0 NOES; 0 ABSENT; 0 ABSTAIN authorized the President to cast a ballot on behalf of the district to elect a regular and alternate special district member on the Local Agency Formation Commission (LAFCO) uninstructed.

8. <u>Directors' Announcements & Written Communications</u>

Director Fougner: 1) inquired as to how the district was noticed of the Bonsall Oaks Project. In the documents obtained from the County of San Diego, the project is a re-subdivision of two previously approved tract maps. The purpose of the re-subdivision is to reduce the lots size from large 1-acre plus size lots to more conventional lot sizes ranging from 4500 square feet to about 10,000 square feet lots. This project proposes a re-subdivision and re-design to be consistent with the conservation subdivision policies of the county. The redesign reconfigures the conservation open space into large manageable lots, clusters development onto less environmentally sensitive areas of the property, reduces impacts and increases the amount of open space.

Minutes Vista Fire Protection District Board of Directors March 8, 2023 Page 5 of 5

The project proposes 89 single family residential lots, which is the same number of lots as previously approved. He expressed his concern about increased response time and traffic. While the District does not have land use authority, he asked staff what mitigation is involved. Staff agreed to provide an analysis on the project at a future meeting. 2) He will be absent from the April meeting.

9. Motion for Adjournment

MOTION BY DIRECTOR GOMEZ, SECOND BY DIRECTOR FOUGNER, and CARRIED 5 AYES; 0 NOES; 0 ABSENT; 0 ABSTAIN to adjourn at 1:06 pm.

RECOMMENDATION

Staff recommends the District's investment continue to be monitored and simplified

BACKGROUND

With the recent concerns on the bank failures, staff was requested to reach out to reach each investment tool in which the District has cash to determine if there was a need for concern. I am providing you with the amount of cash at March 31st and the results of the outreach: The district has cash assets in the following funds or pools:

1. San Diego County Investment Pool - \$6,346,358

The following response was received from my contact at the County of San Diego:

"The County Pool has no exposure to or relationships with any of the banks that have failed over the past week. All the County's cash deposits are held at JP Morgan and collateralized at 110%, as required by CA Govt Code."

2. Local Agency Investment Fund (LAIF) \$912,070

The following response was sent as an email from LAIF on March 15, 2023:

"Your money is safe in LAIF"

With recent volatility in the fixed income market, including the closing of Silicon Valley Bank and Signature Bank, I wanted to reassure you that "your money is safe in LAIF". The Pooled Money Investment Account (PMIA) has no current or past exposure to either Silicon Valley Bank or Signature Bank. We continue to follow the PMIA Investment Policy's three goals: Safety, Liquidity and Yield, with an emphasis on safety and liquidity.

LAIF deposits total just over \$27 billion, which represents just under 14% of the PMIA's total assets (\$200.5 billion) as of February 28, 2023. We continue to focus on managing cashflow for the State of California and LAIF participants. Over the past eight months, LAIF deposits have decreased by \$10 billion and the PMIA was able to meet all of the needs of its participants, without liquidating investments.

I would also like to remind you that LAIF is just one participant in the PMIA. Other large investors include the State of California's General Fund and the Surplus Money Investment Fund. The PMIA is not a Net Asset Value Fund, a 2a7 fund, nor a "2a7-like fund". This means the value of the underlying securities within the pool do not affect the value of the money that LAIF participants deposit in the fund. LAIF, in essence, acts as an "interest-bearing checking account". Your deposits are available to you daily and will earn an equal share of interest based on the average daily balance within LAIF during each quarter.

While the PMIA is not rated by S&P, Moody's, or Fitch, all of the securities within the PMIA are highly rated, as required by California Government Code and the PMIA's Investment Policy.

Staff Report 23-09

For additional information about LAIF and the PMIA, including our policies and reports, visit the State Treasurer's Office website www.treasurer.ca.gov. If you have any questions, or concerns, please call (916) 306-8260 or email LAIF@treasurer.ca.gov and we will do everything we can to assist you.

My team and I are honored to have the opportunity to assist you in managing your money and value your participation in LAIF.

Jeff Wurm Director, Investment Division jwurm@treasurer.ca.gov

3. California Asset Management Program (CAMP) - \$252,290

Due to the length of the announcement, the following hyperlink is provided:

CAMP Client Announcement

4. Zions Liquidity Asset Management Fund - \$5,756,557

President Elliott and I met on March 16 with the Zions representatives to confirm that the District's asset was not exposed. During our conversation we attempted to confirm that Zions is following the 110% required collateralization as required by the CA Govt Code. There reply is that the 110% collateralization applies to bank deposits, and does not apply to securities held in an investment account/portfolio.

CURRENT SITUATION

While the District does not appear to be in jeopardy, the District may wish explore other options to simplify it investments.

CANDIDATE STATEMENT

COUNTY OF SAN DIEGO COUNTYWIDE REDEVELOPMENT SUCCESSOR AGENCY OVERSIGHT BOARD

TIMOTHY ROBLES

I believe that government should be serving its citizens to create a better standard of living. My career experience consists of being a Fire Captain/Paramedic with the City of San Diego Fire and Rescue Department (1998-present) and additionally having been elected twice (2018-present) as a Board Director for the Lakeside Fire Protection District.

I am honored that my fellow Lakeside Fire Protection District Board members have decided to nominate me for this opportunity. This nomination comes strongly from a fellow Lakeside Board member, Mark Baker, who recently vacated his seat on the San Diego Countywide Redevelopment Successor Agency Board. Having this Former Board Member at the same agency as me creates a unique opportunity for legacy information to be shared creating a seamless transition of a new member to the Redevelopment Successor Agency Board. I look forward to continuing looking out for the interest of Special Districts here in San Diego County that are affected by the continuing disillusionment of the Redevelopment Agencies throughout the County.

During my career I have been involved in many processes requiring diligent financial oversight and have been involved in other professional Boards and Commissions as you will see listed below.

San Diego Fire and Rescue:

Development of a Fire Management Assistance Grant, FEMA Grant Reimbursements, San Diego Fire-Rescue Foundation (Secretary, 2006-present), Local 145 Union Board Member (2009 – 2015)

Lakeside Fire District:

District's Budget Development Committee (2019-present), Employment contract and agreement District Representative Negotiator (2019-present), Heartland Communications Facility Authority Commissioner (2019-present), Santee-Lakeside EMS Authority JPA Commissioner, 2022

As an Oversight Board Member of the San Diego County Countywide Redevelopment Successor Agency, I will work diligently to assist and ensure that each Successor Agency remains on track for their timely disillusionment and that property tax revenues are appropriately redistributed to the originating agencies including Special Districts.
